Vegetine Will Cure Rheumatism.

URBANA, O., Feb. 19, 1877.

MR. H. R. STEVENS—Dear Sir. I feel greatly indebted to your excellent meddine, Vegetine, for what it has done for me I have been subjected to Rheumatism all my life. Was attacked with it three years ago, and suffering terrible pains in my chest, back and limbs for six or cight mouths, at which time I commenced using Vegetine on the advice of a friend, who had been entirely cured by it. I had scarcely used a half bottle until the pain had left me, and my sceneral health began to improve rapidly under influence of this great blood purifier. I had also suffered dreadiully from a Nasal Catarrh for seven or eight years. After taking the first bottle of Vegetine I noticed a great change for the better. The constant pain and heaviness that I had over my eyes for years disappeared, and the discharge of mucus from the head ceased. My appetite got better, and strength seemed to come with every dose of medicine. Too much can not be said in its favor; and I always take pleasure in recommending it to my friends who may be suffering from any disease of the blood, for I feel satisfied if they try it they are sure of a cure.

Mr. H. R. STRVENS—Dear Sir. I wish to inform you what Vegetine has done for my family. Eighteen months ago my daughter had a severe attack of Rheumatism, and a friend who had used the Vegetine advised her to try it, and she did so with perfect success, for after using a few bottles of it she became entirely cured. I am myself at the present time using the Vegetine for Rheumatism with good success. My other daughter has also used the Vegetine for Cartarrh and Nervous Debility, and has been greatly benefited by its use. I have also recommended it to many others with good success; and I honestly believe that the Vegetine is the best medicine for the above mamed diseases that there is, and I always wish the Vegetine is the best medicine for the above named diseases that there is, and I always wish to keep it in my house as a family medicine. Rheumatism is a Disease of the Blood.

The blood in this disease, is found to contain an excess of fibrin. Vegetine acts by converting the blood from its diseased condition to a healthy circulation. One bottle of Vegetine will give relief, but to effect a permanent cure it must be taken regularly, and may take several bottles, especially in cases of long standing.
